To: Public Service Commission of Wisconsin and Wisconsin Office of Energy Innovation

Subject: Advocate Aurora Health's Critical Infrastructure Microgrid / Community Resilience Center Grant Application

Dear Public Service Commission of Wisconsin and Wisconsin Office of Energy Innovation:

We are aware of Advocate Aurora Health's project for which it has applied for an Office of Energy Innovation grant.

As with any other similar project that requires interconnection with our distribution system, we will work with Advocate Aurora Health to evaluate its interconnection application under PSC 119.

We have provided electric service to Advocate Aurora Health facilities for many years. We understand the importance of providing consistent, reliable power to medical facilities so, in turn, they can deliver health care to the communities they serve. Advocate Aurora Health and their enterprise is a major economic driver for the community and region.

Sincerely,

*Jim Ward*
